Profile

As a seasoned Full-Stack Engineer with SDET training, I am eager to bring my 2 years of experience in designing and building customer-facing web applications to a dynamic and innovative team. With a strong background in technical design, full-stack development, and a commitment to maintaining production services, I am excited about the opportunity to contribute to your fast-paced and collaborative work environment. I also have F - 01, F - 02 and F - 80 certifications and am in the market for any fire guard or security positions.

Professional Experience

Software Engineer 1, *Fiserv/Clover*   2021 – 02/2024
                                                                Berkeley Heights,
                                                                United States

- Collaborated with cross-functional teams to develop and maintain production services, focusing on innovative solutions and technical excellence.
- Contributed to the full-stack development of features, ranging from building intuitive front-end experiences to designing microservices and data stores for the backend.
- Demonstrated flexibility with languages and tools, adapting to project requirements and ensuring successful project completion.
- Engaged in disciplined software engineering practices, including writing tests, participating in code reviews, and implementing pair programming.
- Utilized strong understanding of JavaScript, React, and Node.js to build interactive and intuitive UIs for complex problem-solving.
- Integrated with and contributed to REST APIs, ensuring seamless communication between frontend and backend components.
- Applied hands-on experience in writing complex, highly-optimized SQL queries for MySQL and PostgreSQL databases.

Skills

Java   ● ● ● ● ○
Proficient in statically typed programming languages: Java

Front End   ● ● ● ● ○
Strong understanding of JavaScript and experience with React

Web Based Applications   ● ● ● ● ○
Expertise in building JavaScript-based web applications with HTML5, CSS, and Node.js

SQL   ● ● ● ○ ○
Familiarity with common database platforms: MySQL and PostgreSQL

Certificates

- F - 01 Fire Guard Certification
- F - 02 Fire Guard Certification
- F - 80 Fire Guard Certification
- CPR/AED/First Aid Certification
